## ABOUT TURBO TOKEN

Turbo is a cryptocurrency initiative founded by Rhett Mankind, an Australian digital artist with a background in branding and advertising. Turbo project aims to explore the integration of art, artificial intelligence (AI), and cryptocurrency, using OpenAI's GPT-4 to assist in creating a memecoin.

With a budget of \$69 USD, TurboToadToken (TTT) was introduced, with the token name chosen by Mankind's Twitter followers.

## ABOUT TURBO TOKEN

Launched in April 2023, TURBO consisted of 69 billion tokens operating on the Ethereum network. Mankind then transferred control to the community to promote decentralization. The project garnered notable attention, including from individuals such as Beeple and Elon Musk, and achieved a market cap of \$200 million with a peak trading volume of \$267 million within weeks.

Turbo Token also known as \$TURBO was launched on the Solana network in early 2024.

Turbo is listed on over 80 exchanges, notably exchanges such as Binance, Excess, OKX, HTX, BitGet, BingX, Bitmart, CoinEX, Kucoin, Kraken, Uphold, and many more.

## ABOUT TURBOBAGGER

**STRUCTURED TRADING | REAL MARKETS | REAL RESULTS.**

At Turbo Bagger we focus on trading high-volume, in highly liquid global cryptocurrency markets – including all Solana based coins and tokens. Our strength lies in a structured, disciplined approach aimed at delivering consistent results through technical precision.

[www.TurboBagger.com](https://www.TurboBagger.com)

## OUR TRADING METHOD

We follow a swing-based, periodic trading model, where each trade is placed with a clear plan – not based on emotion or guesswork. Every entry and exit is supported by technical chart analysis, involving price action, trend structure, and momentum signals.

We do not trade randomly. We wait for the market to show us a reason.  
Clarity. Timing. Patience. That's our edge.

[www.TurboBagger.com](http://www.TurboBagger.com)

## TRUSTED PLATFORM

All trades are executed via BitGet, a globally regulated trading platform known for its speed, reliability, and deep market liquidity. This ensures seamless execution even in fast-moving markets like crypto and gold.

## GUIDELINES

- 1) At Turbo Bagger, only Turbo token on the Solana blockchain is accepted; Ethereum-based Turbo token is not accepted.
- 2) USDT (BEP20) deposits are accepted and auto-converted to Turbo tokens based on the live Turbo price.
- 3) Multiple package activations of 1000 Turbo each are permitted in one account.
- 4) Multiple accounts can be created using one Email address.
- 5) Returns are credited in your accounts, from the next day of package activations.
- 6) Daily returns will be credited to your account starting the day after activation, consistently for 50 days (including weekends).
- 7) The total 150% return includes your initial 100% deposit + 50% net profit.
- 8) The minimum withdrawal is 100 Turbo (in Turbo only); Passive Wallet withdrawals are fee-free, while Active Wallet withdrawals incur a 10% fee.
- 9) Speed Bonus rewards 1500 Turbo (1000 deposit + 500 profit) to your Passive Wallet, ending daily ROI payouts.
- 10) To unlock Unlimited Level Earnings and Speed Bonus, you must complete 7 activations in Level 1—either by referring 7 users (1 activation each) or 1 user who activates 7 packages.
- 11) To qualify for any reward, note: (1) Every new business target must be fresh (not counting past ones), and (2) At least 20% business must come from your direct team (Level 1).
- 12) Even with multiple accounts, you won't waste time logging in to each one daily. If you have 100 accounts under the same email, you can:
  - Set one as your Master Account
  - Pull both Passive and Active Wallet balances from all accounts into it
  - Make just one withdrawal from your Master Account
  - Note: The minimum pull amount is 100 Turbo, same as the minimum withdrawal amount.
